50 Free AI Tools

Sab free. Sabki khaasiyat likhi hui. Aur har tool ke saath ek pehla kaam, taaki 10 minute mein use karke dekh sako.

Ye version kiske liye hai: jise 50 tools ki list dekh ke samajh nahi aata ki shuru kahan se kare. Yahan har tool ke saath likha hai: ye kis kaam mein sabse strong hai, aur pehla kaam kya karke dekho. Plus ek page jahan tum apna kaam dhundo, tool khud mil jayega.

SHURU KARNE SE PEHLE

Har AI tool ki apni khaasiyat hoti hai

Isliye is PDF mein 50 tools ke naam nahi, 50 khaasiyat likhi hain. Wahi line padho, aur sirf wahi tool kholo jo tumhare aaj ke kaam se match kare.

Sabse important rule

40 tools install karne ki zaroorat nahi hai. **Ek kaam, ek tool.** Aaj is list se sirf ek chuno, 10 minute do, kuch chhota bana ke dekho. Bas.

HAR TOOL CARD MEIN 3 CHEEZEIN

Naam + link

Browser mein seedha type karo. Login zyadatar Google se ho jaata hai.

Khaasiyat

Ye tool kis kaam mein sabse strong hai. Yahi decide karta hai ki kholna hai ya nahi.

Pehla kaam

FREE KA MATLAB KYA HAI YAHAN

Free plan
